

TABLE OF CONTENTS

LIST OF ABBREVIATIONS	9
INTRODUCTION.....	11

CHAPTER ONE

ARTIFICIAL INTELLIGENCE (AI)

I. CHRONOLOGICAL OVERVIEW OF AI.....	15
A) The History That Builds and Defines AI.....	15
1. Understanding AI: Algorithm	22
2. Definition of AI.....	27
3. Human Intelligence and Machine Intelligence.....	32
B) Machine Learning (ML)	35
1. Definition of ML	35
2. Types of ML.....	38
a. Supervised Learning (SL)	38
b. Unsupervised Learning (USL).....	38
c. Reinforced Learning (RL).....	39
d. Deep Learning (DL).....	40
aa. Artificial Neural Networks (ANN)	41
bb. Examples of DL.....	42
e. Evolutionary Computing (Programming)	42
II. AI TODAY.....	45
A) Artificial Narrow Intelligence (ANI)	45
B) The Benefits of ANI	47
III. FUTURE OF AI.....	47
A) Artificial General Intelligence (AGI)	47
B) Artificial Super Intelligence (ASI)	50

CHAPTER TWO

RELEVANT CONCEPTS IN PATENT LAW AND PATENTABILITY OF AI SYSTEMS AND INVENTIONS

I. OVERVIEW OF PATENT LAW	51
A) Etymology and History	52
1. Turkish Patent Law	53
a. History of Turkish Patent Law	53
b. The Recent Law	54
2. International Legislation	54
B) Invention and Inventor.....	55
1. Invention.....	55
a. Invention in Turkish Law.....	55
b. Invention in Europe and Other Jurisdictions	57
2. Inventor	57
a. Inventor in Turkish Law.....	58
b. Inventor in Europe and Other Jurisdictions	59
C) Patentability Criteria.....	60
1. Novelty	61
a. “State of Art” in Novelty.....	61
b. Explanation of Novelty with an Example	63
2. Inventive Step (Non-Obviousness)	65
a. “State of Art” in Inventive Step.....	66
b. Exceptions of “State of Art” in Evaluating Inventive Step	66
aa. First Exception: Unpublished Patent Applications	66
bb. Second Exception: The Related Area.....	67
c. Expert in the Field	67
d. Determining the Inventive Step: “Problem-Solution” Approach	67

3. Industrial Applicability	69
II. PATENTABILITY OF AI SYSTEMS AND AI INVENTIONS.....	70
A) Patentability of Computer Software	71
B) Patentability of AI Systems	73
C) Patentability of AI Inventions.....	74
1. Disclosure of AI	74
2. Global Cooperation on AI	75
3. Inventorship of AI	75
4. Patent Law Term “The Skilled Person” and AI	75

CHAPTER THREE

AI AS AN INVENTOR

I. RECENT ADVANCEMENT of AI APPLICATIONS in DIFFERENT SECTORS	77
II. RECOGNIZING AI: DIFFERENT APPROACHES FOR PERSONALITY	79
A) Electronic Personality.....	80
B) Attorney/Representative Approach	81
C) Artificial Human Approach	82
D) Slavery Approach	82
III. THE DABUS CASE: THE EARLY CROWING ROOSTER.....	83
A) What Is DABUS?	84
B) The Artificial Inventor Project (AIP)	87
C) DABUS Patent Applications	88
D) Rejection of DABUS Patent Applications	94
1. Decision in UK on DABUS Application	94
2. Decision of EPO on DABUS Application	96
3. Decision in US on DABUS Application	97

4. Other PCT Countries: Australia, Germany, South Africa.....	100
a. Decision in Australia on DABUS Application	102
b. Decision in Germany on DABUS Application.....	103
c. Decision in South Africa on DABUS Application	104

CHAPTER FOUR

FUTURE OF PATENT LAW REGARDING AI

I. FUTURE OF PATENT LAW	105
A) Can AI Be Recognized As Inventor	106
1. Arguments of the Positive Perspective.....	108
a. Argument One: Current System Discourage Honesty.....	109
b. Argument Two: Incentivise Innovation.....	110
c. Argument Three: Reform in Patent Law Is Indispensable	110
d. Argument Four: Society Will Be the Owner of the Invention	110
2. Arguments of the Negative Perspective	111
a. Argument One: Opponents of IPR Protection.....	111
b. Argument Two: Opponents of Pre-acceptance.....	111
c. Argument Three: Inventiveness is Unique to Human Being.....	112
B) Can AI Invent?.....	112
C) About the AI Inventions Cited in the Literature.....	114
1. Circuit Designs By <i>John Koza's</i> "Invention Machine"	114
2. "Oral-B Cross Action Tooth Brush" by "Creativity Machine"	115
3. "Food Receipt" By Contest Winner Watson's Jeopardy	115
4. "Nose Cone" by Hitachi Company	116
5. "Fractal Food Container" and "Devices and Methods for Attracting Enhanced Attention" by DABUS	116

6. The NASA Antenna	116
7. “Digital Twin” Car Suspension by Siemens	117
8. Robot Eve in Medical Field	117
D) Anthropomorphism in AI	118
CONCLUSION	121
ABSTRACT	125
ÖZET	127
BIBLIOGRAPHY	129
